BUSY DAY IN LEGISLATURE

HOUSE KILLS DISTRICT ATTORNEY BILL—PASSES SEVERAL OTHERS.

Oklahoma City, Feb. 11.—The house of representatives Monday killed Dr. Riddle's district attorney bill, and passed eleven others finally, including three measures of considerable interest to the railroad world and bills by Hill of Pittsburg and Teehee of Cheboke for the protection of Indian heirs and minors, especially in the probate courts and in the sale of "dead claims" or allotments inherited from deceased kindred.

The Hill bill especially, has the approval of Governor Cruce and United States Senator Owen, as well as of the department of the interior.

The "full crew" bill by Randall; the "railroad hospital" bill by Hill of Pittsburg and the Childers bill to require railroad stations designated by the same name as the local postoffice are the "railroad" bills passed finally.

The bill by Pruett, to make the board of agriculture elective by the people at large was recommitted with instructions which practically kill its purposes and keeps the old system of election by delegates selected at county institutes.

Other house bills passed finally include the following: By Chase, providing for appearance where service is had by publication; by Spengler, to provide for the forfeiture of Oklahoma license of any foreign corporation not doing an interstate business which transfers cases from state to federal courts; Peery's lawful fence bill; by Bonds of Rogers, correcting a deficiency in the criminal statutes relative to embezzlement by public officials, and by Disney of the house and Watrous of the senate, providing for the adjustment and payment of debts contracted by school districts which have been changed.

MAY REDUCE RAILROAD

FARE TO 2 1-4 CENTS.

Oklahoma City, Feb. 11.—An effort to put a general passenger fare of 2 1-4 cents per mile into effect on all Oklahoma railroads was launched in the state senate Monday in the form of an amendment, offered by Senator Thomas to the bill previously introduced by Senator Vandeventer to require railroads to sell mileage books for 2 1-2 cents per mile.

Thomas' idea was to make the provision general, to cover single trip tickets as well as mileage, and, in a general way to supersede the 2-cent fare provision of the constitution, the enforcement of which was enjoined by the railroads. The belief was expressed by senators who participated in the debate that if such a measure were put through the legislature, the

corporation commission would have power to enforce it.

Senator Thomas asked that a special committee be named to redraft the Vandeventer bill with that idea in view, and the chair named Senators Vandeventer and Thomas as the members of that committee.

Princeton, Feb. 10.—Mrs. Grover Cleveland and Prof. Thomas Joseph Preston were married today by President Hibben of Princeton at the executive residence of the university. Lorenz Hypnotist a Big Hit.

THE LAW SAYS:

"We guarantee your money against loss if deposited in the FARMERS STATE BANK of Ada, because the Guaranty Law is backing that bank."

Those who attended the performance of Lorenz Bros. at the Empress last night saw one of the most laughable shows ever seen in Ada in years. Dr. Lorenz took a class of six men from the audience and in a few moments had them doing all sorts of funny stunts. The audience laughed and screamed at the funny stunts of the hypnotized subjects until their sides ached from the fun. Tonight the great rock test will be presented and complete change of program. No doubt a packed house will be at the Empress to see the greatest fun show of the season.

There are 200,000 words in the English tongue, yet three or four suffice a man when he catches his thumb in the door.

CAPT. SCOTT OVERWHELMED

RETURNING FROM SOUTH POLE WAS OVERTAKEN BY BLIZZARD AND PERISHED.

London, Feb. 10.—At a meeting of the Royal Geographical Society this evening announcement was made of a disaster which has overtaken Capt. Robert F. Scott's antarctic expedition, resulting in the death of Capt. Scott, Dr. E. A. Wilson, Lieut. H. R. Bowers, Capt. L. E. G. Oates and Petty Officer E. Evans.

News of the death of the explorers was brought to civilization today by the captain of the Terra Nova, the ship which had taken Scott's expedition to the south and which had gone again to bring them back after the accomplishment of their task. Only a few brief bulletins were sent today from the New Zealand port of Oamaru by the captain of the Terra Nova, who related the fate of the party and then proceeded with his vessel for Lyttleton, where he should arrive Thursday.

Capt. Scott's party, said Douglas W. Freshfield, vice president of the Geographical Society, in making the announcement, found Capt. Roald Amundsen's hut and records at the South Pole. On the return trip, about March 29, 1912, eleven miles from One Ton Depot, a blizzard overwhelmed them. They had suffered greatly from hunger and exposure, and the death of Scott, Bowers and Wilson was virtually due to that. They died soon after the blizzard swept down on the party.

Oates died from exposure a few days later. The death of Evans resulted from a fall.

The other members of the expedition are reported to be in good health. A searching party discovered the bodies of the victims and records some time later.

The importance of pure, fresh Drugs is seldom realized by many people. Even in good health you cannot use decayed vegetables or meats. It would not strengthen you as your food is intended to. Neither do you care for fruits or flowers unless they are fresh. You do not take drugs unless you are already ill, so it is even of more importance that they should be pure and fresh. We give you the best and freshest drugs that money can buy. All prescriptions are properly prepared. We ask for your business on these principles. Isn't it good policy for you to patronize us on them.

Catarrh Cure

Gets Right into the Affected Parts and Stops Gathering in Eyes, Nose, Throat and Lungs.

By a long series of elaborate experiments at the Swift Laboratory it is definitely known that catarrh can be cured by the simple process of inoculating the blood with antitoxin remedies that stop inflammatory conditions throughout the body. This is done with the famous Swift's Sure Specific, or as it is widely known, S. S. S. It is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, comes through all mucous and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure blood-making material to enter the intestines, combines with these food elements to enter the circulation in less than an hour.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores at \$1.00 per bottle. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils and all scrofulous conditions. For special advice on any blood disease write in confidence to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Do not delay to get a bottle of S. S. S. at your druggists.

F. W. RUSSELL DIES AFTER LONG ILLNESS

F. W. Russell died shortly after 10 o'clock Monday evening at his home on West 14th street. The funeral services were held at 3:30 this afternoon at the family residence by Rev. M. B. Molloy, after which the remains were taken in charge by the Masonic fraternity, of which deceased was a loyal member, and interred at Rosedale with the honors of the order.

Mr. Russell's death was due to cancer of the stomach from which he had suffered for a long time. He was one of the pioneers of Ada and was always counted as one of the town's best citizens. He was a consistent member and an elder in the Presbyterian church. His death removes another of the landmarks of Ada.

NEGRESS ACQUITTED OF MURDER CHARGE

About 2 o'clock this afternoon the jury in the case of Lee Gormany, a negress tried on a charge of murder, returned a verdict of not guilty.

The case grew out of the stabbing of Lizzie Smith, another negress, by defendant on March 15, 1911, when she discovered the Smith woman in company with her husband.

The first trial of the case resulted in a hung jury. Leslie Maxey was the attorney for the defendant and conducted the case ably throughout.

NO MORE FIGHTING

NEITHER PARTY IN MEXICAN REVOLT READY TO ASSUME THE OFFENSIVE.

Mexico City, Feb. 10.—Gen. Felix Diaz whose bold fight Sunday almost overthrew the Madero administration held his army in leash today. Nor did the scattered government forces dare to attack him in his fortified positions in and about the arsenal.

Still hoping that he might secure complete control without further loss of life or destruction of property, Gen. Diaz surprised the capital by refraining from turning his heavy guns upon the national palace.

The government's position has not been materially altered since yesterday, although a few of Blanquet's soldiers—not more than 500—have arrived and a small detachment of rurales has ridden into the city. The forces of Gen. Diaz were not materially augmented, but the proximity of the Zapatists and the promised early arrival of rebels from the State of Vera Cruz under Guadalupe De la Llave appear to have strengthened his hand.

Although almost incomprehensible, it has been impossible for residents of the capital to ascertain the truth regarding the movements of Generals, whom the government expects to come to the aid of Gen. Huerta, the newly appointed Post Commander. Officially it has been announced that both Gen. Blanquet and Gen. Angeles are in the city, but this is denied in quarters equally trustworthy.

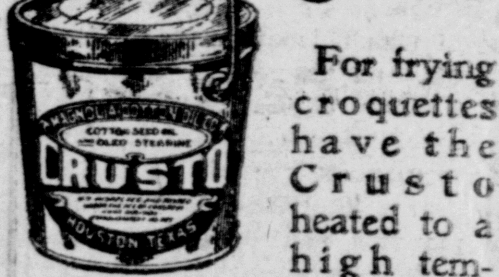

No one has been found who actually has seen these Generals, but their failure to appear in public is taken by many as an indication that either they can not get here or are unwilling to fight.

McKINLEY'S VERSION OF GATLING GUN STORY

John McKinley, who L. Rosenfield says mistook a cow for a burglar and opened fire with a repeating gatling gun, missing on account of the crookedness of both the gun and the man behind it, tells altogether a different tale about it. He says the burglar was one of the real kind and was Rosenfield himself, whom he was unable to hit simply because of the crookedness of the target.

Resolutions of Sympathy for Blanch Rushing From the Sub-Freshman Class.

Whereas the Supreme Being, in his wise and all-seeing providence, has seen fit to remove from our midst the father of our beloved and esteemed classmate, Blanch Rushing; and Whereas we realize that the loss of a father can be surpassed only by that of a mother; be it resolved

SENATE PASSES

WEBB LIQUOR BILL

Washington, Feb. 10.—The senate this evening, after fighting all afternoon over amendments, adopted, without a roll call and without a single change, the Webb bill of the House of Representatives prohibiting the interstate shipment of intoxicating liquors into "dry" territory. The Webb bill passed the House last Saturday and by substituting it for the language of the Kenyon bill, which with substantially the same provisions was pending in the senate, the uncertainties and delays of a conference were obviated. After a mere verbal correction by the house the bill will go to the president.

The struggle in the senate was all ostensibly over the bill introduced by Senator William S. Kenyon of Iowa, a unanimous consent agreement providing that the measure with all amendments should be voted on not later than 6 o'clock this evening. The opponents of the proposed legislation sought to produce a legislative deadlock between the two branches of congress by whipping the Kenyon bill into such shape that it would pass the senate and leave no common ground for a conference of the two houses. Their efforts in this direction, however, revealed their weakness and when the final motion to substitute was made by Senator Gallinger of New Hampshire, the opposition surrendered and did not demand a record vote.

Trial of O'Rourke Libel Case.

London, Feb. 11.—Tom O'Rourke, the New York promoter of pugilistic and other sporting contests, was on hand today when his case of alleged libel against boxing, a leading London sporting paper, was called for trial. O'Rourke claims heavy damages from the paper as a result of statements it has printed from time to time charging him with discreditable practices in connection with various big boxing contests promoted or managed by him in the United States. In the Sharkey-Corbett match in New York, the Walcott-Lavigne bout in San Francisco and in a number of other big fights, boxing charges O'Rourke with having made money by sacrificing persons for whom he was acting and betting on the other side. The case is attracting considerable interest in sporting circles.

OFFICIAL RETURNS OF COUNTY SEAT ELECTION

Oklahoma City, Feb. 11.—Official returns from the Pottawatomie county seat election, received at the office of Governor Cruce, show that Shawnee received 4,021 votes and Tecumseh 2,860. Under the claim made by Tecumseh Shawnee failed to secure the 60 per cent majority required by 107 votes. However, the additional claim is made that instead of 60 per cent Shawnee should have 66 2-3 per cent, as it is a new election. Shawnee has been given thirty days in which to file a protest. According to the returns Tecumseh carried every town in the county except Shawnee.
